# RÜDESHEIMER® WINTER SUN

The name Rüdesheim is not only associated with the romantic Rhine and the unique German specialty, Asbach.

It's also associated with the well-known Rüdesheim coffee.

We recommend specialties and in particular, the "**Rüdesheimer Wintersonne**" during the winter months, with its fruity Aromas – somewhat reminiscent of summer.

## THE ORIGINAL RECIPE

Put 2 sugar cubes into the Rüdesheim coffee cup and then pour in 4 cl of well heated Asbach Uralt.

Top up with about 200 ml of hot passion fruit juice or nectar. Top off whipped cream and sprinkle with cinnamon or chocolate shavings.
